Petition dated the 6th April 1945 from Srimathu Gurujabar of Seshadripuram

Continuation Sheet 2410 | File No / Current No | of | Page

Petition dated the 6th April 1945 from Srimathu Gurujabar of Seshadripuram

Requests for the installation of two electric lights near the proposed Mahalakshmi Mandiram

In her first petition addressed to the Minister for P.D. she represented that one street light may be installed near the proposed Mandiram, but now she has requested for the installation of two lights. The light is required to enable the guarding of the construction materials, stated to have been collected at the spot and is required to be installed free of cost. Such a thing is not being done by the Elec. Dept and is also not in accordance with the rules, as a stipulated return on the capital cost of the installation is required to be guaranteed by the Consumers.

2. Submitted for orders.

DD 7/4/45

On the information furnished by the C E E in his U O No. 194 of 29/4/45, Srimathu Gurujabar, petitioner, was informed that street lights in the Cities are installed only on the requisitions received from the Municipalities concerned and that therefore she might approach the Bangalore City Municipality in this behalf. The petitioner has again requested for the reconsideration of her request on the ground

8) The Estimate referred to para 7 supra is not pending in the D S & Branch HQ's (for orders, if report may be called for, from the Engineer officer, C & I Board, Bangalore

Sir

Installing two electrical lights near the site granted for construction of Sri Mahalakshmi Temple

---

With reference to your letter No L10949 dated 4th May 1945, I have the honour to submit herewith the application of Sri Girija Bai dated 6th April 1945 forwarded to me with your letter No L-10364 dated 17th April 1945

I have the honour to be,
Sir,

To

The Electrical Secretary,

Government of Mysore, Bangalore

Respected Sir, MU90-4521

We beg to bring to your kind notice that on our submitting an application to the Minister for Public Works Government of Mysore, Bangalore requesting for the installation of two electric lights near the sites granted to us for the construction of Mahalakshmi Temple in Cumara park, the Chief Electrical Engineer to the Government of Mysore, Bangalore has issued us a reply No 23939 dated 2/3rd April 1945 pleading his inability to do anything in the matter unless a requisition is received from the Municipality

In this connection we may be permitted to mention here that this Cumara Park extension does not belong to the Municipality but it belongs to the Government and it is the Government that sanctioned the sites to us for the construction of Mahalakshmi Temple As such we may be permitted to mention here that the Municipality cannot make any reference to this If this was so, we would have surely made a reference to this This fact has clearly been set out in our application submitted to the Minister for Public Health A similar endorsement was also issued previously from your honour's office Under the circumstances and as the place in which we have requested for the installation of two electric lights belongs to the Government we request you to reconsider our case once again and please comply with our request early and oblige Begging to be excused for entering upon your valuable time often and often

Yours obediently
श्रीमती गि रिजाबाई

OFFICE OF The Engineer Officer, City Improvement Trust Board, Bangalore.

Date 29th June 1945.

GEN & REV. SECRETARIAT
1481
5 JULY 1945
L S G BRANCH

To

The Secretary to Government

Law Department, Bangalore

Sir

With reference to your letter No L-12202 dated 18th June 1945 requesting that the estimate for installing electric street lights in Kumara Park Extension may be got early and submitted to Government, I have the honour to state that the Bangalore City Municipality is paying Royalty on the number of street lights installed by the Electrical Department, the Electrical Department itself bearing the charges towards capital cost for running the service lines It is for the Electrical Department to prepare detailed estimates on the basis of lights required for the Kumara Park Extension and obtain sanction of Government The cost for this portion of the work is not therefore to be included in my estimate for Kumara Park Extension

However, if the installation of two electric lights near the site granted to Sri Girija Bai for the construction of Sri Mahalakshmi Temple is considered urgent, the City Municipality, Bangalore, may kindly be asked to address the Electrical Department for installing one or two additional lights on the road adjacent the Temple site pending total electrification of the Kumara Park Extension with the direction that the Municipality may meet the royalty charges towards

P T O

the two additional lights.

I have the honour to be,
Sir,
Your most obedient servant
